ASL is an award winning UK manufacturer of automotive wiring harnesses, cable assemblies and control panels.
We are absolutely dedicated to customer satisfaction and continuous improvement.

As a family business we are passionate about building long lasting relationships.
Commercial vehicles are the backbone of UK industry and we help keep them moving. Our lean and efficient manufacturing facility is set up to ensure we deliver a fast turnaround wiring solution.

- HGV’s
- Refuse Vehicles
- Trailers
- Utility Vehicles
- HGV Trailers

- Wiring Looms
- Wiring Harnesses
- Battery Cables
- Side Marker Kits
- Safety Device Wiring
With the fast moving technology of electric and hybrid buses, we provide a design and development service with a flexible approach to immediate technical changes.

- Electric Buses
- Hybrid Buses
- Patient Transport
- Coaches
